Letter From the Editor

Dear reader,

Happy new year! Welcome to the latest issue of the Medical Student Press Journal. I am excited to share several exceptional works in our newest publication. With this issue, we continue to highlight exemplary material from the medical student community. From original research to reflective and personal essays, I am continually impressed by the work of my peers at medical schools across the country. I hope you will gain new insight and inspiration from these works -- many of the ideas in this issue were certainly new to me.

All credit goes to the authors, editors, and reviewers who have contributed to the creation of this issue. I would also like to highlight the outstanding work of our layout team. I hope you will enjoy going through our work.

Sincerely,

Eileen Nguyen
