Gratitude

Chun-Yi Tseng¹

1. Chang Gung University, Taiwan

Thou art the sun,
the light at the end of the tunnel.
Your highways bring clarity
and life to the words on my atlas.
The pump of life
which I cupped gently between both my palms
attests to your intimate stories.
Your tense fibers of red
once orchestrated a symphony of fine delicate movements.
The seat of your soul
we uncovered is a vestibule of your memories.
We sing praises of you,
but your human form gradually fades into the dark.
Tarry a little.
Where art thou?
We continue searching,
lest we forget.
